To whom it may concern:

I am pleased to write this letter of recommendation for the Islamic Community Center in Anchorage, Alaska (ICCAA). There are now over three thousand Muslims living in the city of Anchorage. They have established a small Musalla for daily prayers as well as for Fridays. The place gets very crowded on Fridays and over the weekends when they hold Islamic classes for their children. I had the honor to visit the community and lead the Friday prayer there.

The Anchorage Islamic community is active and would very much like to have a Masjid and classrooms for the education of their children. Alaska attracts visitors from all over the world and it should have a properly built Islamic center to give a good image and understanding of Islam. Most of the Muslims in that area are not financially strong and need help from outside.

I urge all those to whom Allah has given the financial resources to contribute generously towards the building of the Islamic center in the Frontier State of United States. May Allah reward and bless all those who give in His cause. Amen.

Sincerely,

Dr. Muzammil H. Siddiqi
